Winter Funny Face

The weather is getting chilly, but you don't have to go outside to have fun with your infant or toddler! Just go to the nearest bathroom mirror for some silly fun that teaches children about their bodies and their emotions:

1. Make faces in the mirror with your child: Move your tongue, blow a kiss, wiggle your nose.
2. Point to the different features on your child's face, and say their name.
3. Talk to your child about all the things they can do with their eyes—blink, stare, wink, open and close.
