REQUEST FOR QUOTES AND QUALIFICATIONS
IT MAINTENANCE
RFPQQ NO. 09-103
ADDENDUM #1

Question:

Does the consultant have to have worked in the past with DEL or just be familiar with your group?

Answer:

It is not a requirement to have worked with DEL in the past.

Question:

Your work request is listed twice on the DIS WEBS site. One version has a cancellation notice and the other does not. Would you please clarify if both versions listed are cancelled?

Answer:

There was an administrative error when the RFQQ was originally posted which resulted in vendors being notified of an opportunity to respond that were not on the DIS ITPS Master Contract for Category 15 Client Server, Web & N-Tier Application Development (WEBS CC 9255) at the Senior or Expert Level.

The RFQQ was amended and cancelled due to this error.

The RFQQ was reposted later the same day and vendors should have been notified of the opportunity to respond that have ITPS Master Contracts with DIS for Category 15 at the Senior or Expert Level.
