Bottle Preparation <input type="checkbox"/> Designated sink location <input type="checkbox"/> Other	Flooring <input type="checkbox"/> Moisture impervious <input type="checkbox"/> Other	
Comments: 		
WAC 170-295-0040 Do I have to follow any other regulations or have any other inspections? Prior to becoming licensed by us to operate a child care center, you need to: <input type="checkbox"/> Have a certificate of occupancy issued by your local building department and <input type="checkbox"/> Be inspected by the state fire marshal. You are responsible for complying with any local building ordinances. Local officials are responsible for enforcing city ordinances and county codes, such as zoning and building regulations. Contact your local building jurisdiction to determine if local ordinances are different than our standards. If you encounter conflicts or differing interpretations, contact us immediately. We must notify the local planning office of your intent to operate a child care center within the local jurisdiction. Other state agencies such as Labor and Industries, the State Fire Marshall and the Department of Health have regulations that apply to child care centers. You are responsible to contact those agencies to obtain their regulations. The other agencies are responsible for monitoring and enforcing their regulations.		
WAC 170-295-0060 What the requirements for applying for a license to operate a child care center?
